

# Abdulhady Rges

Benghazi, Libya | Phone +218913796235 | [Email](#) | [Linkedin](#)

## WORK EXPERIENCE

---

### Tanmia 360

*Head of Project Control Unit*

**Benghazi, Libya**

*Mar 2025 - Present*

- Supported in resolving project implementation challenges, ensuring smooth execution.
- Assisted in preparing project documents and reports in coordination with the Project Manager.
- Managed project schedules and team objectives, contributing to successful project planning.

### Majaal (Ben Mussa Holding)

*AI Associate - Intern*

**Benghazi, Libya**

*Nov 2025 - Present*

- Currently engineering an AI feedback assistant powered by large language models (LLMs) to significantly reduce response time and improve overall user engagement.

## EDUCATION

---

### Libyan International Medical University (LIMU)

**Benghazi, Libya**

*Bachelor of Information Technology (Software Engineering), GPA of 88.32%*

## PROJECT EXPERIENCE

---

### Data-Driven Analysis of the Kutcher Transition in "Two and a Half Men"

*Project link: ([Link](#))*

- Built a data pipeline with Selenium to scrape, clean, and structure 12 seasons of IMDb ratings and reviews for analysis.
- Conducted sentiment and trend analysis on ratings and reviews, revealing audience nostalgia and confirming actor transition impact.
- Applied ML models (Decision Tree, Random Forest, XGBoost) to predict ratings ( $R^2 \approx 0.90$ ), showing cast changes as the top factor.

### Inflation Rate of Different Categories/ Inflation vs Average Income in Libya (Compared to 2008) *Visualizations link: [Tableau](#)*

## SKILLS & INTERESTS

---

**Skills:** Python | SQL | Data analysis and visualization | Excel/Google Sheets | Tableau | AI & Machine learning | Deep learning | Generative AI | NLP | LLMs (GPT, BERT, XLNet) | LangChain | Streamlit | Hugging Face | Retrieval-Augmented Generation (RAG) | Vector Databases (Pinecone) | Prompt Engineering

**Interests:** Data Exploration | Problem-Solving | Continuous Learning | Collaboration | Industry Knowledge

**Languages:** English (Fluent), Arabic (Native)

**Certificates:** Business data analytics workshop by BYTE ([Link](#)), Deep Learning Specialization by Deeplearning.ai ([Link](#)), Complete AI Engineer Bootcamp by 365 Careers ([Link](#))
